THE COLLECTION

A seasonal exploration of the English landscape – from the captivating beauty of cultivated gardens, to the enchanting allure of rolling meadows and wild woodlands, Botanical ~Botanica~ studies the magnificent transformation of nature throughout the seasons. Capturing much-loved blooms including the headily perfumed perennials Lilac and Wisteria, native beauties Sweet Pea, Bluebell and Rose and the delicate foliage of Fern and Maidenhair, the collection celebrates the remarkable diversity and innate beauty of the garden.

SPRING

The pastel promise of early spring offers a shimmering palette of lemon, olive and sage capturing the first dappled light on frosted fields. Accented with soft tones of deep blush, mint and ballet slipper this spring palette evokes the eagerly anticipated sight of new growth.

BOTANICAL

in British
(,bə'tænɪkəl) or botanic

adjective

1. of or relating to botany or plants

Derived forms
botanically (bo'tanically)

adverb

Word origin of ‘botanical’

C17: from Medieval Latin *botanicus*, from Greek *botanikos*
relating to plants, from *botané* plant, pasture,
from *boskein* to feed; perhaps related to Latin *bós* ox, cow

RECENT COLLECTIONS

FORNASETTI

From the miraculous mind and detailed hand of Fornasetti, combined with the skilled craftsmanship and artistry of the Cole & Son design studio, comes this charming capsule collection of whimsical wallpapers set to inspire the imagination. Featuring 12 timeless designs in a range of new and much-loved colour palettes.

MARTYN LAWRENCE BULLARD

An eclectic array of opulent, contemporary designs celebrating craftsmanship from around the globe. Created in collaboration with interior designer Martyn Lawrence Bullard, Eastern and Western influences merge in this worldly collection decadent in detail and elegant in colour.

ICONS

A contemporary collection celebrating some of Cole & Son's most iconic designs in a glamorous, 1950's Miami-inspired colour palette. Bright, vivid hues are tempered with tropical sun-bleached shades balancing South Beach's bold style.

MARQUEE STRIPES

Celebrating the beautiful simplicity and striking style of one of the most enduring and accessible patterns. This collection of contemporary and traditional styles and colour palettes is designed to make a distinctive interior statement.

THE ARDMORE COLLECTION

A charming and stylish range of wallpapers and borders in collaboration with Ardmore Ceramic Art celebrating African traditions and culture.

MARIINSKY

An exciting and original interpretation of historical wallpaper designs which celebrate the drama and occasion of the theatre, opera and ballet.

CURIO

Shimmering mineral surfaces, woodgrain textures, sea corals and precious stones define this beautifully curated collection of wallpapers.

LANDSCAPE PLAINS

Brings together five semi-plain designs in a host of colours with a mix of matte, pearl and metallic finishes.

GEOMETRIC II

Inspired by Art Deco styling from across the globe, Geometric II offers a modern take on the decorative geometric style of the early 20th century.

WHIMSICAL

A nostalgic and enchanting selection of magical wallpapers, inspired by the classic childhood stories and fairy tales of our youth.

English

The designs in this collection are non-woven 'paste the wall' wallpapers and are therefore easy to hang.

This wallpaper is the work of craftsmen and is worthy of maximum care and attention. To ensure a perfect finish, walls should be prepared correctly; smooth, dry and where necessary lined with lining paper.

We recommend using Cole & Son ready mixed Tub Paste. Packet pastes and vinyl adhesives are not suitable as they may cause surface staining or adhesion problems.

Hanging instructions are included with every roll and available online at www.cole-and-son.com. Please note separate instructions are available for our flocked wallpapers.

Whilst every effort is made to ensure that our wallpapers are manufactured to the highest standard, slight variations may occur during manufacture. Small textural print variations are part of the unique characteristics of such wallpapers.

Les modèles de cette collection sont des papiers peints non tissés pour murs pré-encollés et ils sont donc faciles à poser.

Ces papiers peints sont l'œuvre d'artistes et demandent un maximum de soin et d'attention.

Pour assurer une finition parfaite, les murs doivent être au préalable préparés correctement : ils doivent être lisses, secs et, si nécessaire, recouverts d'un papier d'apprêt.

Nous recommandons d'utiliser de la colle pré-mélangée.

Cole & Son. Les colles en sacs et les adhésifs vinyles ne conviennent pas car ils peuvent occasionner des tâches sur le papier ou des problèmes d'adhérence au mur.

Les instructions de pose sont fournies avec chaque rouleau et peuvent être consultées en ligne, à l'adresse www.cole-and-son.com. Notez que des instructions distinctes sont disponibles pour nos papiers peints floqués.

Bien que nous mettions tout en œuvre pour garantir que nos papiers peints sont fabriqués selon les normes les plus rigoureuses, des variations de ton peuvent néanmoins se produire lors de la fabrication. Les petites variations d'impression de texture font partie des caractéristiques uniques de ces papiers peints.

По замыслу данная коллекция включает в себя нетканые обои, предусматривающие нанесение клея на стену («paste the wall») и отличающиеся благодаря этому простотой наклеивания.

Эти обои представляют собой художественное произведение, и работа с ними требует максимальной осторожности и внимания. Для обеспечения идеального качества отделки необходимо надлежащая подготовка поверхности стен: она должна быть гладкой, сухой и при необходимости оклеенной (с использованием оклеочной бумаги).

Мы рекомендуем использовать готовый к употреблению клей в ведерках марки Cole & Son. Клей в пакетах и klejacie составы на виниловой основе не подходят для этой цели, поскольку они могут вызывать окрашивание поверхности или проблемы с приклеиванием.

Инструкцию по наклеиванию можно найти в каждом рулоне, а также на сайте www.cole-and-son.com. Обращаем ваше внимание на то, что для производимых нами бархатных обоев имеются отклонения. Небольшие различия текстурных рисунков являются одной из уникальных характеристик таких обоев.

Русский

Los diseños de esta colección son papeles pintados de base non-woven y de sencilla instalación gracias a la aplicación de la cola en la pared.

Este papel pintado es fruto del trabajo artesano y merece el máximo cuidado y atención. Para garantizar un acabado perfecto, hay que preparar correctamente las paredes, que deben estar lisas, secas y en caso necesario, recubiertas de un forro de papel.

Recomendamos usar el bote de cola de tipo "ready mixed" de Cole & Son. Las colas en paquete y los adhesivos para papel vinílico no son adecuados, ya que pueden causar manchas en la superficie o problemas de adherencia.

Todos los rollos de papel incluyen instrucciones para su colocación, también disponibles online en www.cole-and-son.com. Tenga en cuenta que existen otras instrucciones diferentes para nuestros papeles pintados floquados.

A pesar de que ponemos todo nuestro empeño en garantizar que nuestros papeles pintados se fabricuen siguiendo los más altos estándares de calidad, podrían producirse pequeñas variaciones durante la fabricación. Se trata de ligeras variaciones de estampación y textura que forman parte de las características únicas de papeles pintados de esta naturaleza.
